

Name of Faculty: Yogini Bazaz

Title of the Paper: Congestion control using fuzzy logic in International Journal of Emerging Trends & Technology in Computer Science (IJETTCS) - April 2013.

Name of Journal/Conference: IJETTCS

Title of the Paper: Assessment of Software Risk Management models in IEEE`s International Conference on Advances in Engineering, Science and Management (ICAESM) - March 2012.

Name of Journal/Conference: ICAESM

Title of the Paper: Mobile Commerce using NFC Tags in International Research for Scientific Research & Development – IJSRD in 2016

Name of Journal/Conference: IJSRD

Title of the Paper: Cloud Based compiler for Multilanguage in The International Journal of Science & Technology – THEIJST in 2015

Name of Journal/Conference: THEIJST

Title of the Paper: Using Procedural Content Generation & Difficulty Curves in International Journal of Computer Science & Information Technology – IJCSIT in 2015

Name of Journal/Conference: IJCSIT

Title of the Paper: Prevention of Cold Boot Attack on Linux Systems in International Journal of Innovative Research in Computer and Communication Engineering-IJIRCCE in 2017

Name of Journal/Conference: IJIRCCE
