Coffee & Code ;

An Initiative by the Department of Computer Engineering

VISION

To be recognized as a department that provides quality technical education and research opportunities that eventually caters to helping and serving the community.

MISSION

- To groom the students to participate in curricular and co-curricular activities by providing efficient resources.
- To motivate the students to solve real world problems to help the society grow.
- To provide a learning ambience to enhance innovations, team spirit and leadership qualities for students.

(Computer Engineering Student Association)

Seminar on Resume Writing

In collaboration with ICT Academy

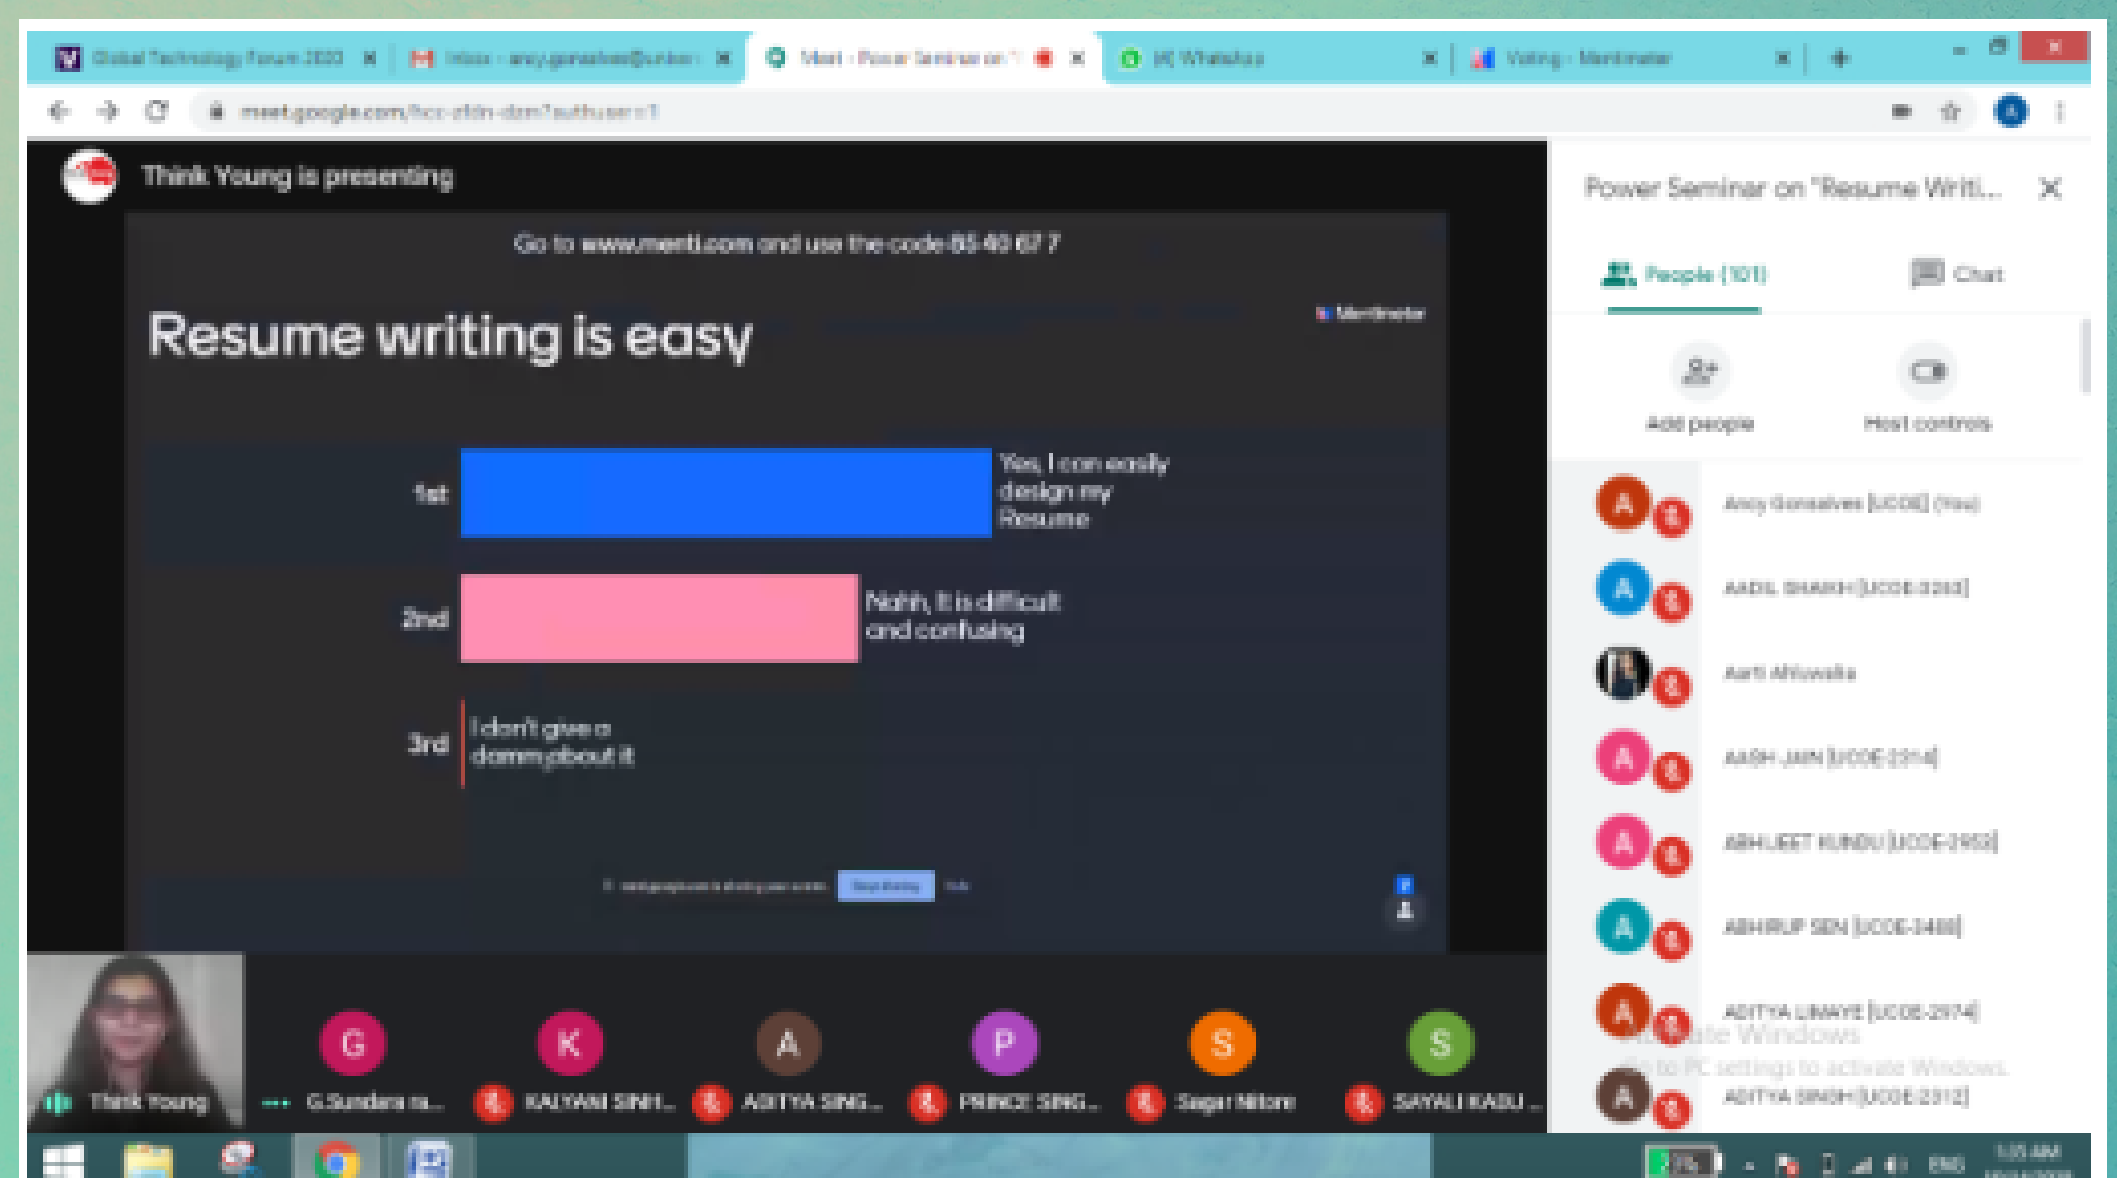

Organized By : Dept. Of Computer Engineering

When: 14th Oct, 2020 , 2:00pm to 3:00pm

Speaker: Kriya Doshi

Department of Computer Engineering in association with ICT Academy had arranged seminar on "Resume Writing" for students all branches. Seminar was conducted by Kriya Doshi on 14th October 2020 via Google meet from 2pm-3pm. 101 students had attended the session.

A resume is an important tool for your job search because it offers a page or two where you can display your top skills and qualities. However, a resume is much more than that. Resumes help employers make hiring decisions and help you get your first interview. The Speaker asked different opinions of participants through question answer session using Mentimeter.com. She explained different points to focus on while creating the resume and also explained the format as well. She focused on DO'S and DON'T'S while writing the resume and answered various queries of participants. She also showed her LinkedIn Profile explaining different sections under it. Students were benefitted by the knowledge shared by the speaker. Overall session was very interactive and students have got an idea to how to write resume in their future.

Engineering Mathematics Applications Project Competition (E MAPCO) 2020

In collaboration with SEAM eLearning

Organized By : Engineering Mathematics
Teachers Society, India (EMTSI)

When: 19th Oct, 2020

Convenor: Dr. Teena Trivedi

Students of Department of Computer Engineering were guided by Dr. Teena Trivedi for the event E-Mapco 2020 organized by Engineering Mathematics Teachers Society, India (EMTSI) in collaboration with SEAM eLearning. The objective of event was to create interest amongst the students in the field of Mathematics.

Three groups of SE comps have participated and sent their project.

Details are as follows

Topic: Computer programming using numerical analysis

Group members:

1. Ms. Prapti Indulkar
2. Mr. Mihir Maurya
3. Ms. Navya Reddy
4. Mr. Adarsh Nai

Topic: Laplace Transform using Periodic function

Group Members:

1. Mr. Saiyam Masalia
2. Mr. Suraj Tambe
3. Mr. Pavan Pujara
4. Ms. Vrushali Solanki

Topic Fourier Transformation

Group members: -

1. Ms. Purva Gosavi
2. Mr. Jenil Gopani
3. Mr. Darshan Chanchad
4. Mr. Jeet Nakrani

Details of Guide/Mentor

Dr. Teena Trivedi

Department of Applied Science and Humanities

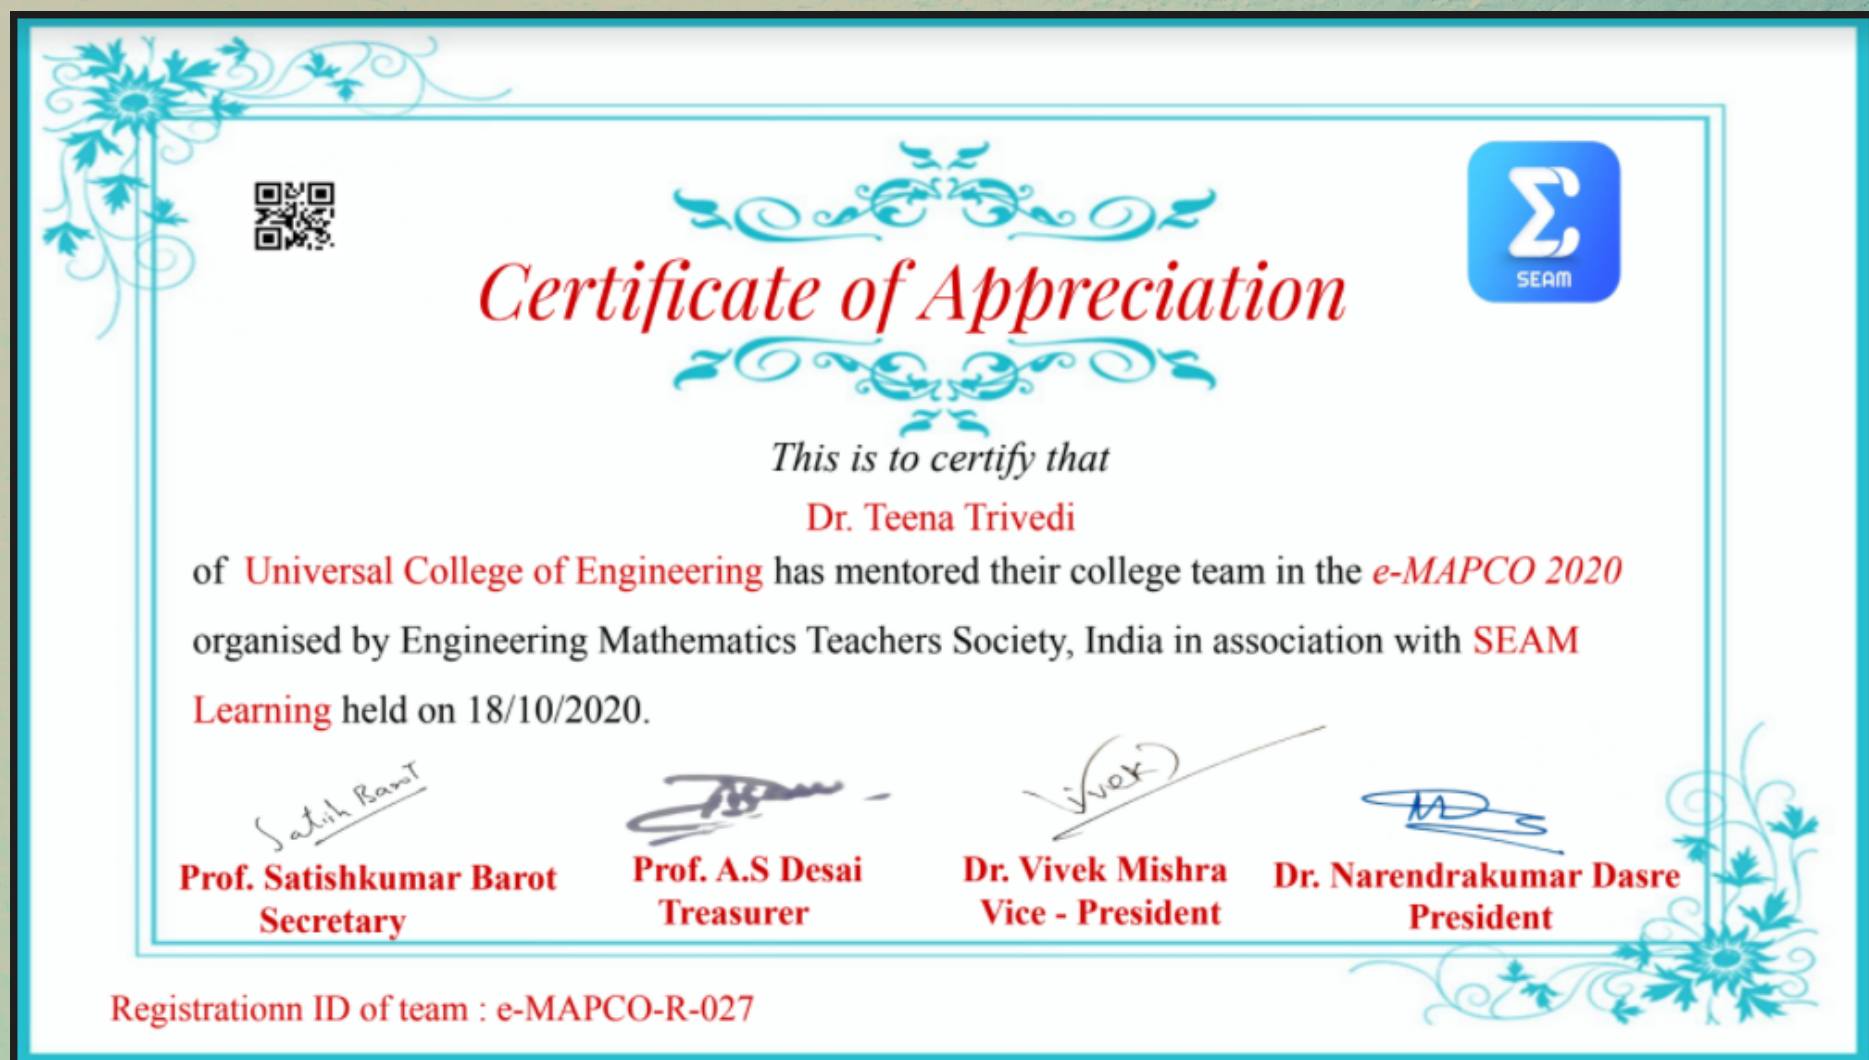

In Second round One group was selected. Give their project presentation in event through online mode (Google meet)and they secured the position of 1st runner up and got cash price worth 3000/-

Details are as follows

Topic Fourier Transformation

Group members: -

1. Ms. Purva Gosavi
2. Mr. Jenil Gopani
3. Mr. Darshan Chanchad
4. Mr. Jeet Nakrani

CESA Committee Members

Selection of Committe Members

Organized By : Dept. Of Computer Engineering

we are pleased to announce appointment of below committee members for CESA 2020-2021.

"YASH PANCHAL Third Year President"

Utsav Chaudhary Final Year Technical Head

Shreya Patil Third Year Secretary

Isha Prajapati Third Year Technical Head

Vivek Hotti Second Year Technical Head

Kajal Maurya Final Year Creative Head

Meghdatta Korgaonkar Final Year Treasurer

Kirti Gupta Second Year Creative Head

Jyoti Pandey Third Year Technical Head

Bhavin Gaikwad Second Year Publicity

We look forward to your support and wholehearted participation in various department activities.

All the best!!!!

Webinar on "Introduction to Augmented Reality-Virtual Reality using UNITY"

In collaboration with CESA

Organized By : Dept. Of Computer Engineering

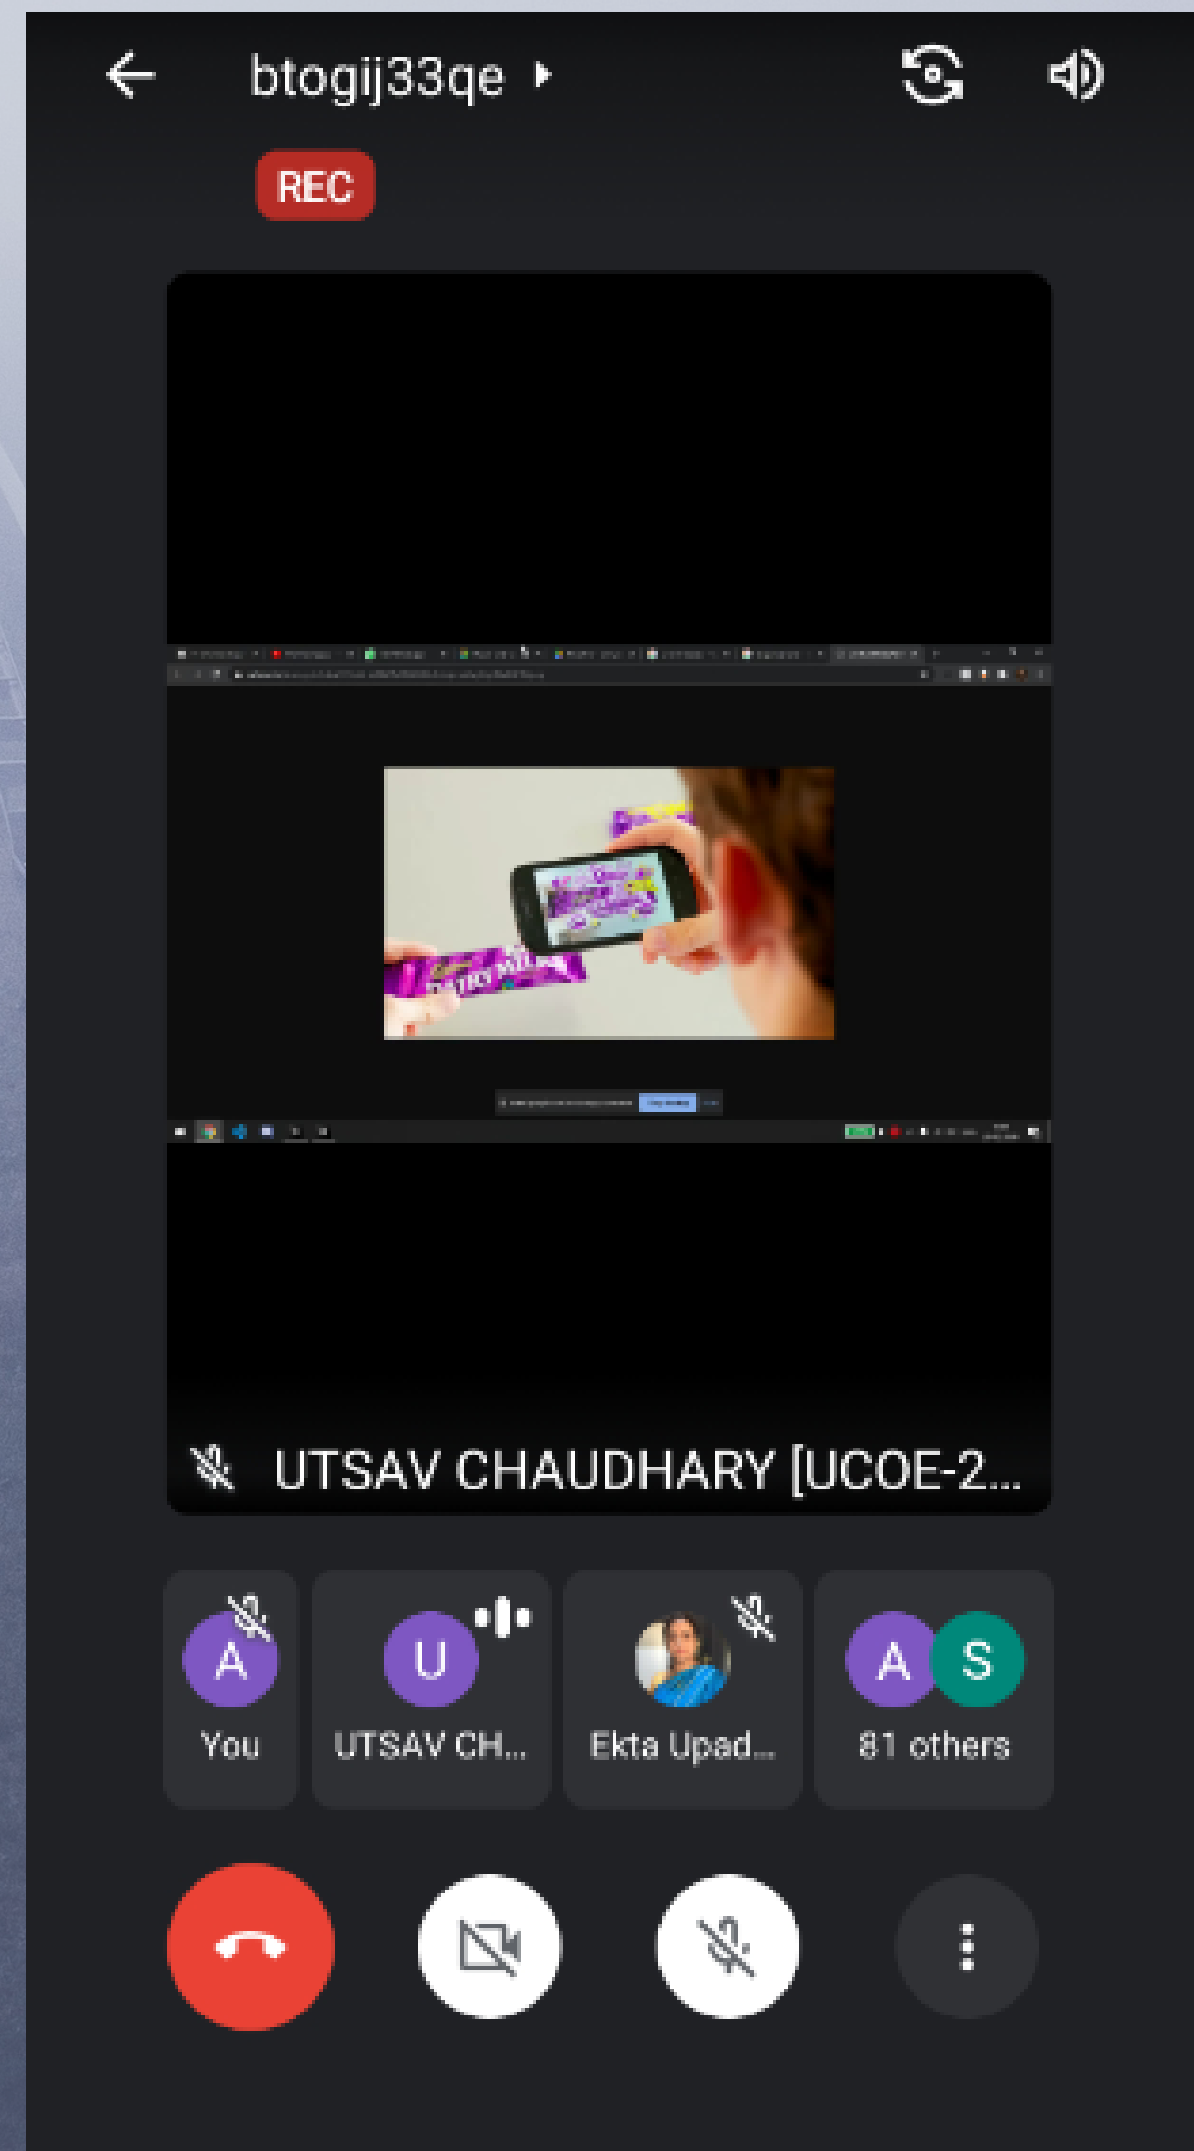

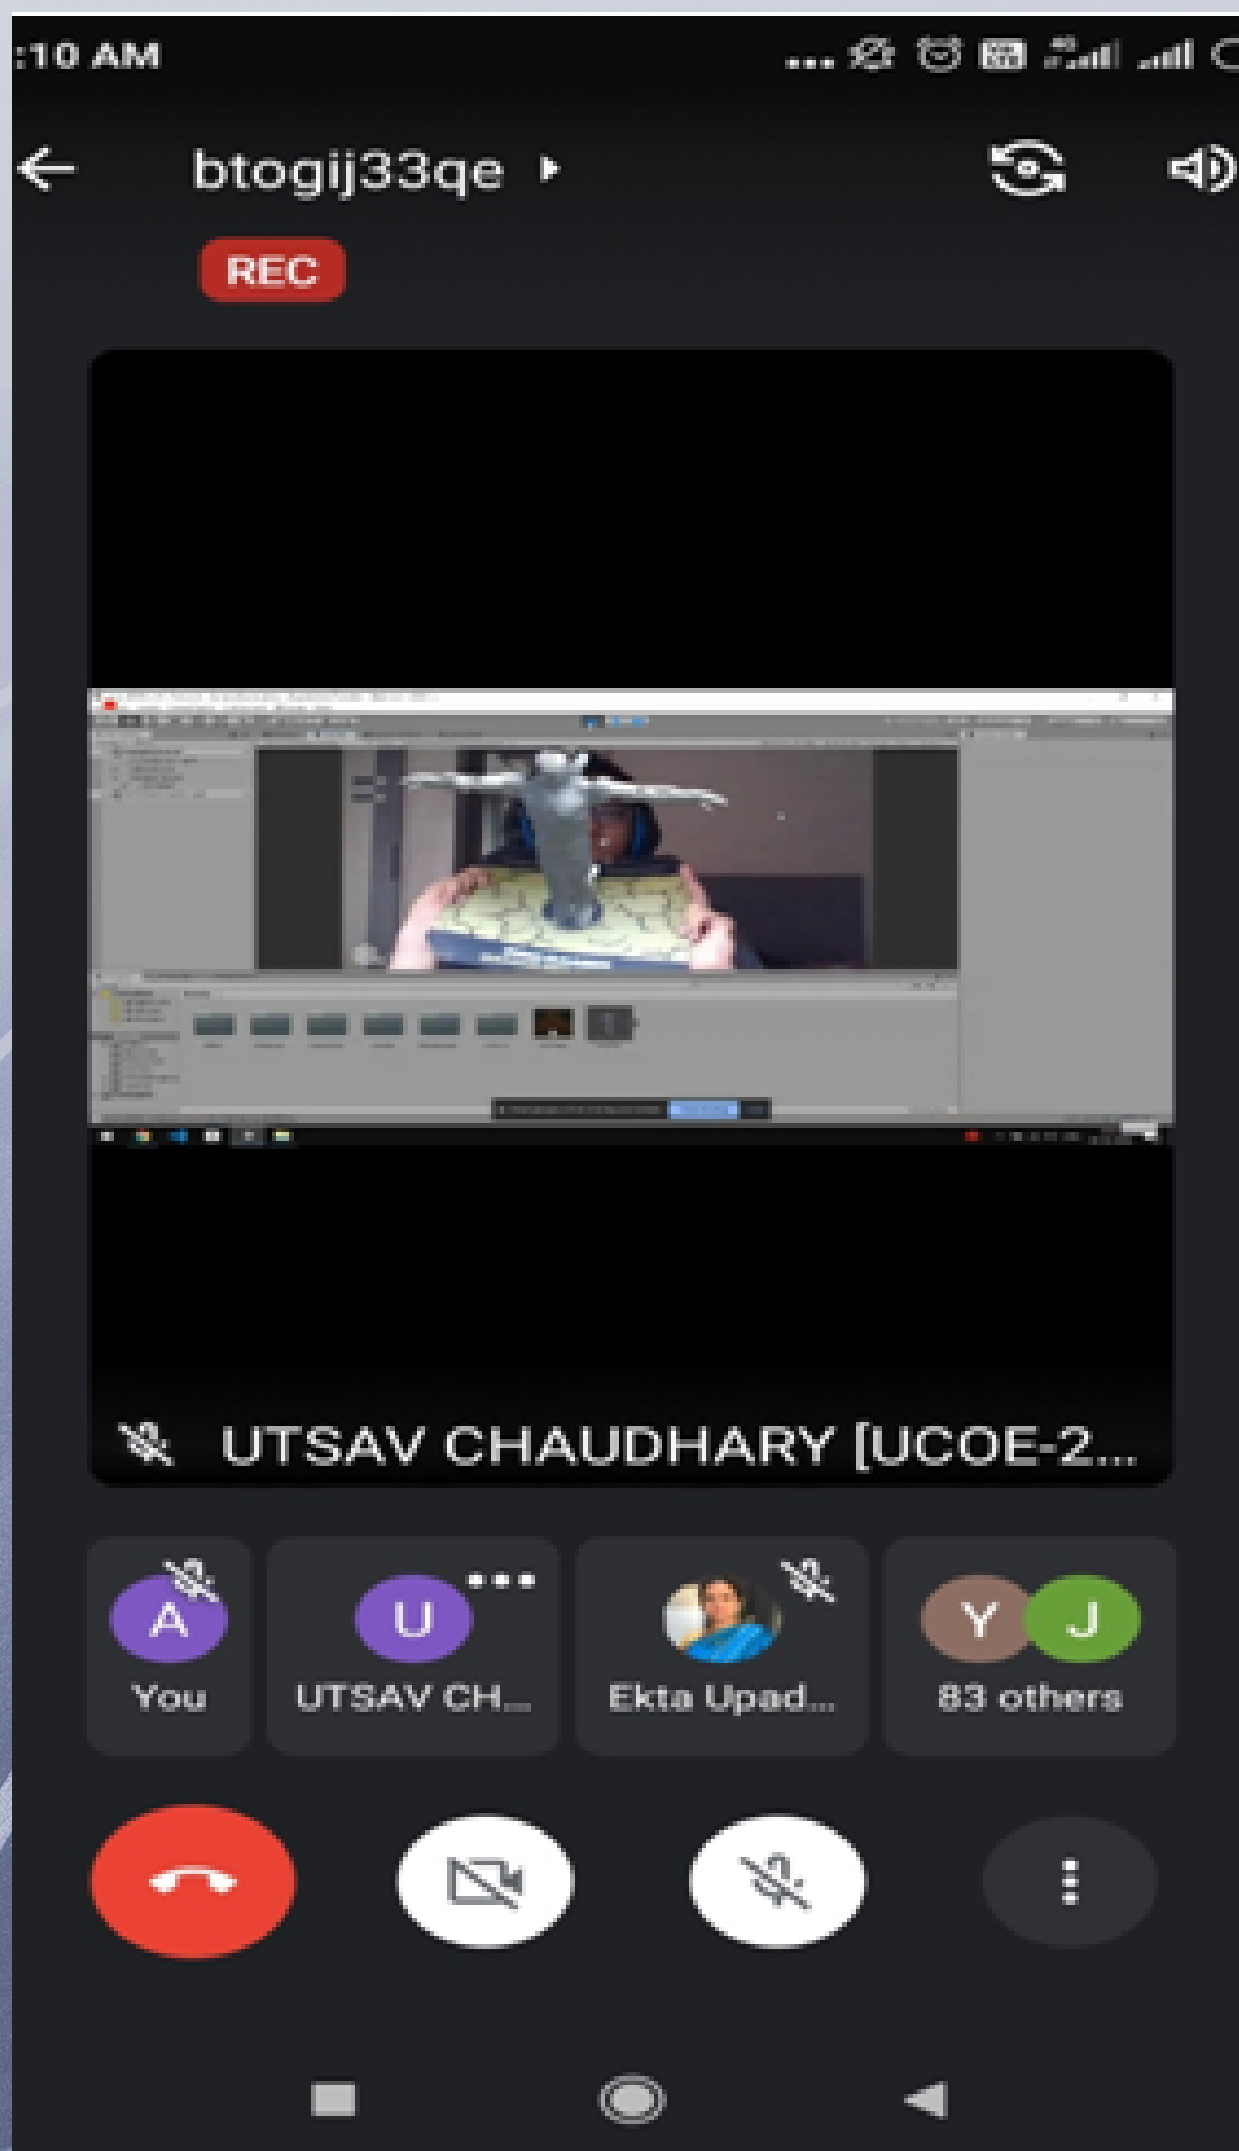

When: 29th Oct, 2020, 10:40am to 11:40am

Speaker: Mr.Utsav Choudhary

Department of Computer Engineering in association with CESA (Computer Engineering Student Association) had arranged seminar for two courses, namely, Computer Graphics (for Second year, Computer Dept. students) and CGVR - Computer Graphics & Virtual Reality (for Third year IT students). Webinar was conducted by one of our BE student Mr. Utsav Choudhary, who is also Technical Head of CESA on 29th October 2020 via Google meet from 10:40am-11:40am. 84 students had attended the session.

AR-VR is trending concept now-a-days and is extremely used in graphics domain, using UNITY software the introduction of AR-VR concept was explained and few demonstrations were depicted. Mr. Utsav also explained step-by-step about how models can be developed using the UNITY Software. He also demonstrated his BE project for more real-time understanding of the application developed. The session was very interactive. At the end, Question Answer was carried out where participants had cleared their doubts, queries, overall everyone enjoyed the session.

Introduction to Cloud computing and MongoDB

In collaboration with CESA and IEEE

Organized By : Dept. Of Computer Engineering

When: 20th Oct, 2020, 11:50am to 12:50pm

Speaker: Mr.Dnyaneshwar Bhabad

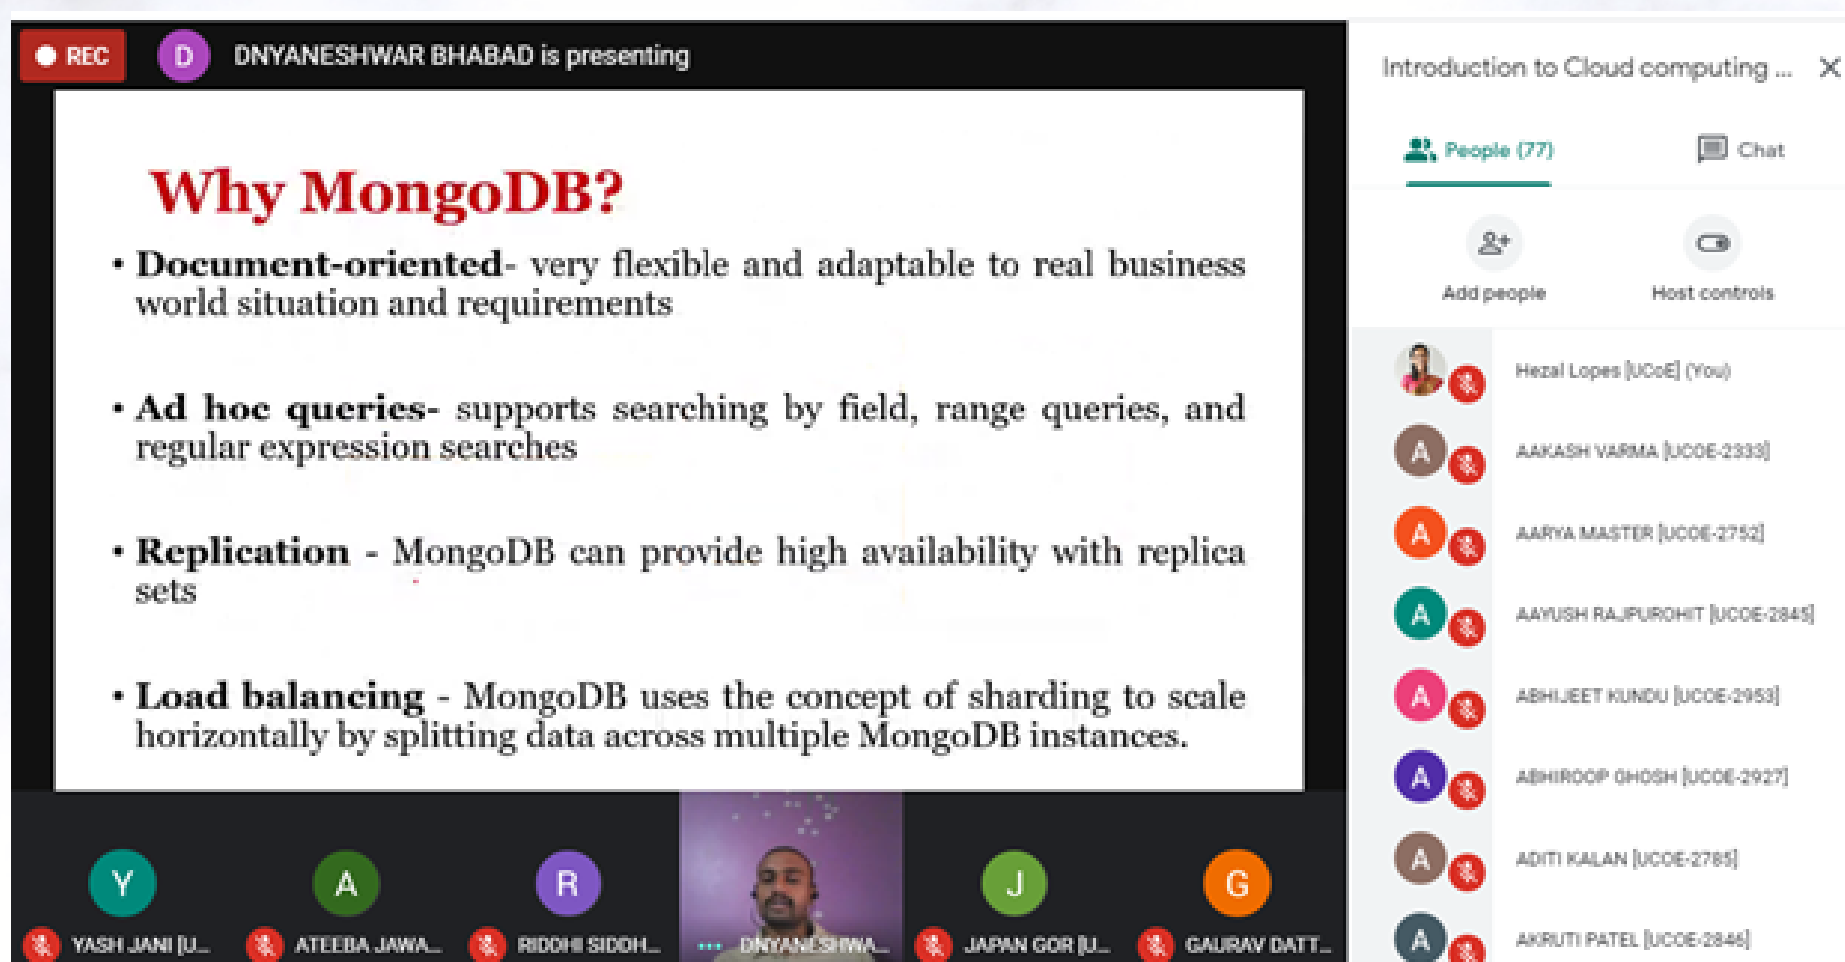

Department of Computer Engineering in association with CESA and IEEE has organized a webinar on "Introduction to Cloud computing and MongoDB" conducted by Mr.Dnyaneshwar Bhabad Assistant professor at VIVA Institute of Technology, Virar on 20-10-2020 from 11:50 to 12:50PM. 78 students have attended the session.

Cloud computing is a style of computing where scalable and elastic IT related capabilities are provided as a service to external customers using internet technologies. Sir explained why cloud computing is important than traditional database server, objectives of cloud computing and different characteristics of cloud computing . sir also further explained different cloud services like Amazon Web Services , Microsoft Azure, Google web Services with example. Private, Public and Hybrid cloud these are different

cloud deployment models used in cloud. At the end sir said cloud computing has great future as internet based computing platform but it has to overcome security issues.

MongoDB is document oriented NOSQL database used for high volume data storage which came in to light around mid 2000s. instead of using tables and rows as in traditional relational database, MongoDB makes use of collection and documents. Further he explained difference between MongoDB and RDBMS.

How to build networking

In collaboration with CESA and IEEE

Organized By : Dept. Of Computer Engineering

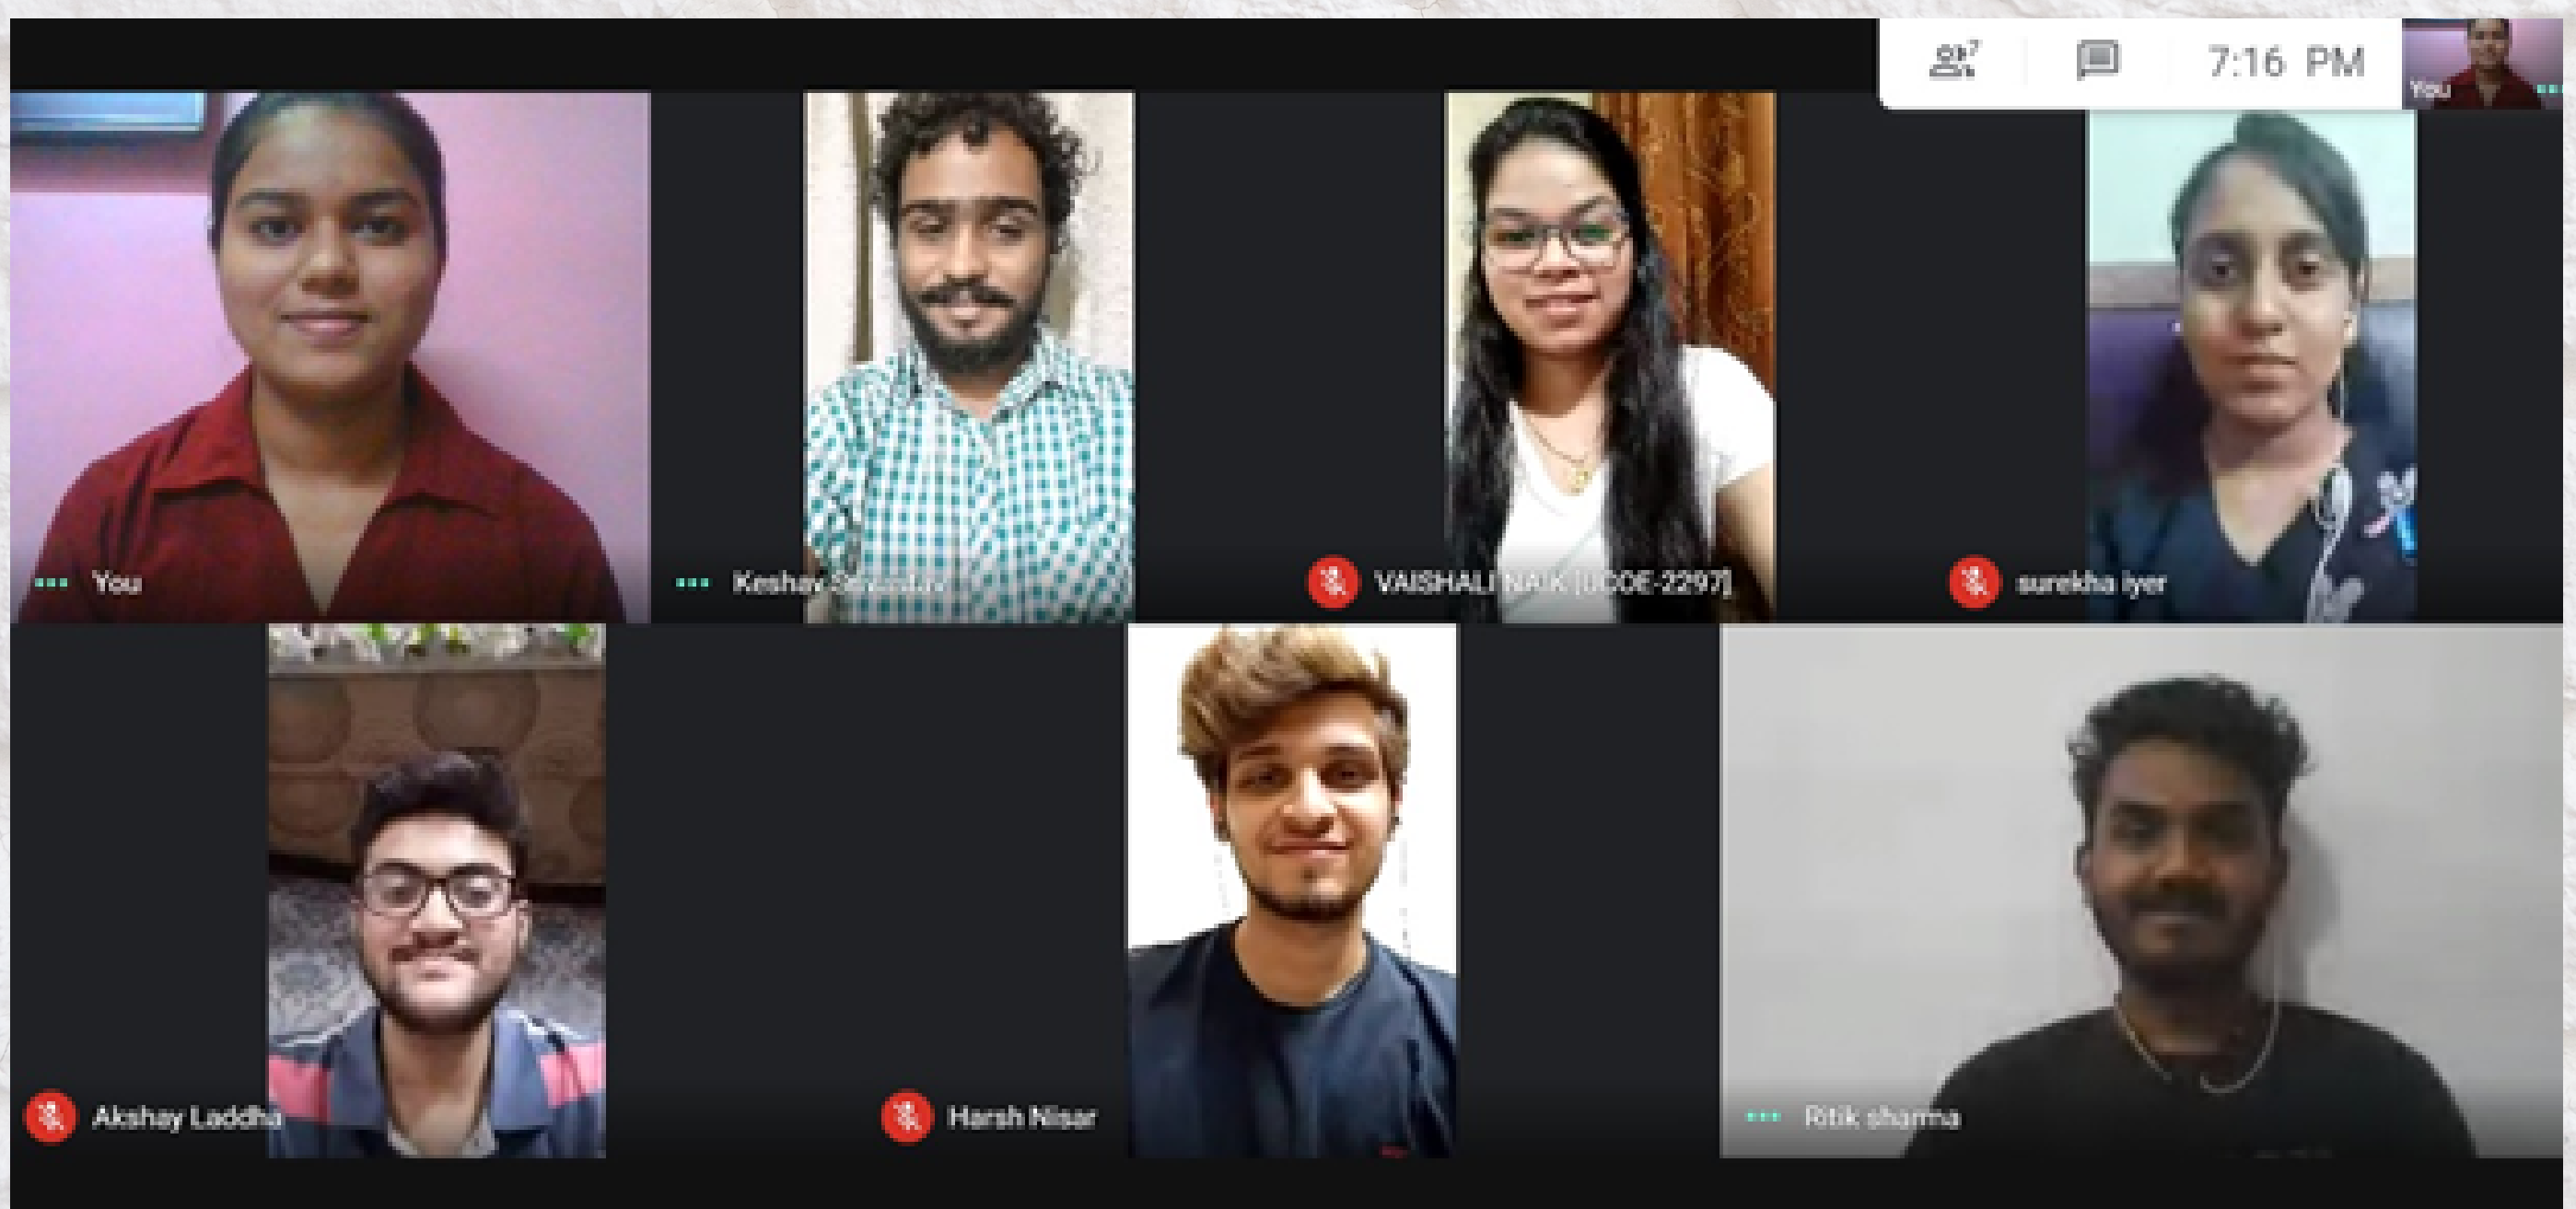

When: 26th Oct, 2020, 10:00am to 11:00am

Speaker: Mr.Akshit Mistry

Department of Computer Engineering in association with CESA and IEEE has organized a webinar on “How to build networking” conducted by Mr.Akshit Mistry Alumni of Universal College of Engineering. Currently, he is working as Business Analyst/Project Manager in Info sense global company and working on Big Data and AI/ML projects. Webinar conducted on 26-10-2020 from 10:00 to 11:00AM. 70 students have attended the session.

Networking is not a one day task. You have to put efforts for it. Communication skill, presentation skills also very important. Along with these skills confidence also plays important role. Session was very much interactive. Be good listener and noting down these points also important. While communicating be specific. We should be open to everyone when face to face networking is considered. And for virtual networking on social media like LinkedIn, Facebook we should be selective. Be careful with different platforms. Politician’s lawyers are mostly active on tweeter so we should try to approach them on tweeter instead of Linked In for better impact. At the end there was a Question answer session where in Students asked many questions and clear with all doubts.

Faculty Achievements

Mrs. Vishakha Shelke completed a two months course on **“Effective Documentation for Accreditation”** organized by “IQAC Cluster India” in collaboration with “WhiteCode” from 15th September to 10th November 2020. Mr Peeyush Pahade was the course instructor.

This course highlighted on the Institutionalization of IQAC, Basics of Documentation: basic formats and accountable documentation, Understanding the basics of AQAR & SSR, Criterion wise documentation and its preservation with exercises, SWOC, Feedback mechanism. Mrs. Vishakha Shelke attended all 13 lectures and completed 17 quizzes and Final Assessment test within deadline and completed course with Outstanding Grade. This course helped to achieve required standard in the areas of every documentation needed for the organization and for the purpose of accreditation.

Faculty Achievements

Our four faculty members named Dr. Jitendra Saturwar, Asst. Prof. Hezal Lopes, Asst. Prof. Apurva Chaudhari and Asst. Prof. Sridhar Iyer had participated in a 5 day Multidisciplinary International Conference on various parallel tracks such as IOT, High Performance Computing, Edge Computing, AI, Robotics and Automation, Advances in Sensors, Energy and Hybrid Vehicles, Signals, Communications and Embedded Systems organized by the ICT Academy, Tamil Nadu from 14th to 18th October 2020.
