Online Education

1. Does all programs/courses were completed on time.	Yes		
2. Measures taken to complete the syllabus of courses and programs.	Universal College of Engineering (UCoE) practices different teaching-learning methodologies which concentrate on imparting education through a student-centric approach. Apart from the traditional chalk and board method, students are motivated to think out of the box and go beyond the book. We have implemented in our lesson plans open classrooms, Short-Term Training Programs, Workshops, FDPs, Webinars, and guest lectures on various streams. Students are motivated to enroll themselves in different educational platforms like Courseera, ICT academy, Oracle, Cisco, Palo Alto and get the certificate. Students also join community service through NSS and UBA. Student participation in project based learning and NPTEL are encouraged. Students are also encouraged to do research on advanced topics and publish the paper in a good conference. The internship is provided right from the First Year to equip students with hands-on practical knowledge of the real-life application. An E-cell, a Robotics Club, E - Yantra, and virtual lab were established after entering an MOU with IIT Bombay. This helps the students to get an understanding on a comprehensive level and to think creatively. Creativity, scientific and innovative thinking, and analysis are integral parts of problem-solving. UCoE teaching strategies involve students in the constructive learning environment in the form of guidance textbook method, computer-assisted learning, conceptual mapping, case studies, and mini-project.		
3. The period of delay in completion of syllabus (in months).	0		
4. The period of delay in conducting exams (in months).	0
