NSS Camp

Mrs. Silviya Dmonte has taken a session for government school kids at the Nagale Village on Good Habits and Health on 28th April 2022.

She explained to kids about what are the kinds of health that are necessary to live a happy and good life. She detailed about physical health (Exercise, Diet, Internal and External cleanliness), emotional health (Yoga, Meditation, and Positive attitude), and brain health (learning new skills, things, games, reading books). Later she elaborated on good habits such as Exercising Daily, Reading every day, Bathing every day, spending time with family, hygienic importance of bathing and being neat and clean all the time, and Staying positive.

In the end, she narrated a story about how bad habits are important to be eliminated at an early age.

Mrs. Hezal Lopes has taken a session on the Importance of reading and a positive attitude to achieve success. A positive attitude is not just about sporting that smiles on your face every time, it is more than that. It is about maintaining that optimistic mindset and attitude even when things are in utter chaos. It is often said that what a good or bad diet does to your body, positive and negative thoughts do the same to your mind! Feed your mind with positive thoughts and you will see amazing changes around you. She further explained to students the importance of hard work and how hard work helps them to achieve their dreams. Set your goal and try to reach that goal with hard work and honesty.
