AI-ML
INSHORTS

DEPARTMENT OF ARTIFICIAL INTELLIGENCE
AND MACHINE LEARNING ENGINEERING

VISION

To be a department focused on quality education and research in Artificial Intelligence & Machine Learning that prepares early professionals contributing to serve the society.

MISSION

- To provide an academic environment for the development of professionals in the field of Artificial Intelligence and Machine Learning.
- To cultivate research culture resulting in knowledge and development of the society.
- To enhance academic collaborations for better exposure.

Contents

PREPARED BY,

Mr. Ashish Yadav
Mrs. Hezal Lopes
Mrs. Priyanka Bhoir

In Association with

CESA

(Computer Engineering Student Association)

Vidya Vikas Education Trust's
Universal College of Engineering
Near Bhajansons and Punyadham, Kaman Bhiwandi Road, Vasai, Palghar-401208.
(Permanently Unaided | Approved by AICTE, DTE & Affiliated to University of Mumbai)
Accredited with B+ Grade by NAAC | A Gujarati Linguistic Minority Institution

5. FACULTY ACHEIVEMENT

Book Published by Mrs. Priyanka Bhoir

Mrs. Priyanka Bhoir

About The Book

Metered access to processing and storage resources is a key benefit of the cloud computing model, which allows businesses to save money on their own internal IT infrastructure. With the use of hypervisors, virtual computers may be spawned on actual hardware and then removed from the system at will. In addition, practitioners and researchers may greatly benefit from the integration and general access of vast volumes of "sanitized" information like health care data. A thorough awareness of cloud powers and weaknesses, benefits and drawbacks, and other considerations is necessary before realizing the full potential of this technology.
In this book, you'll learn how to get the most out of cloud computing while minimizing your risk.

"Success is not final, failure is not fatal:

it is the courage to continue that counts."

-Winston Churchill
