

Vidya Vikas Education Trust's

Universal College of Engineering

Accredited with B+ Grade by NAAC

(Permanently Unaided | Approved by AICTE, DTE & Affiliated to University of Mumbai)

Gujarati Linguistic Minority Institution

Vol 05 Edition 1
August 2022

Coffee & Code ;

An Initiative by the Department of Computer Engineering

VISION

To be recognized as a department that provides quality technical education and research opportunities that eventually caters to helping and serving the community.

MISSION

- To groom the students to participate in curricular and co-curricular activities by providing efficient resources.
- To motivate the students to solve real world problems to help the society grow.
- To provide a learning ambience to enhance innovations, team spirit and leadership qualities for students.

Student Workshop

Workshop for API by Postman

27th July 2022

Workshop For API by Postman was held on 27th July by **Khushal Manish Ghathalia**. It was an Introductory Hands-On Workshop For APIs. In the Hands-On workshop, He had taught what are APIs and they are used. He also gave a hands-on session on the Postman web application. The session ended with some quizzes and questions. The winner's where given some SWAGS by the postman

What is Postman used for?

Postman is an API client that makes it easy for developers to create, share, test and document APIs. This is done by allowing users to create and save simple and complex HTTP/s requests, as well as read their responses.

What is meant by Postman API?

The Postman API endpoints enable you to integrate Postman within your development toolchain. You can add new collections, update existing collections, update environments, and add and run monitors directly through the API. This enables you to programmatically access data stored in your Postman account

The Entrepreneurship Cell of UCoE

Being a data scientist requires you to keep up with the latest innovations and discoveries, but there's so much information coming in from so many directions, it's easy to get lost in the stream. So what should you focus on? Well, it depends on you — but to get you going, here's my reading list of AI sources that allows me to keep up to date with the latest innovative ideas.

The field of Machine Learning and Artificial Intelligence is changing rapidly. Five years ago, classical Machine Learning was the hottest trend; now it's just like an iPhone 6S — outdated. Deep Learning dominates the market these days, and if you'll come back to this post in 2025, there's a good chance we've moved way past beyond this Objectives

1. To inculcate entrepreneurial mindset amongst our students.
2. To help students validate their ideas.
3. To help students get mentors who can handhold them.
4. To help students to find business ecosystem and funding opportunity.

Core Team

Pawan Mishra – Chairperson

Shreyash Dubey – Secretary

Vishank Mishra – Public Relation Officer

Vishal Gupta & Pravin Maurya – Content & Media Manager

Shivkanya Mahajan & Nidhi Kudalkar – Marketing Head

Staff Members:

Head : Mr. Hasib Shaikh

Faculty Achievement

Faculty Achievement

Ms.Neha Saxsena and Ashraf Siddiqui has attended one week FDP program on "Artificial Intelligence, Machine Learning & Applications" and also attended Orientation Program for the course "Blockchain" (Department Level Optional Course - 4) [CSDC7022] & "Blockchain Lab

Faculty Development Orientation Program

Faculty Development Orientation Program 30th July 2022

Dr. J B Patil, Campus director of UCoE conducted Faculty Orientation Program for all teaching nonteaching admin faculties on 30th July 2022. In this session, sir gave detailed information about the rules and regulations of the UCoE. He delivered the session with interactive and motivational videos. He discussed various committees and roles and responsibilities for all faculties.
